OUR MISSION

IMERMAN ANGELS provides personalized connections that enable one-on-one support among cancer fighters, survivors, and caregivers.

WHAT IS A MENTOR ANGEL?

A **MENTOR ANGEL** is a cancer survivor or caregiver who provides emotional support to a cancer fighter or caregiver who is experiencing similar situations. While we recognize that each cancer experience and life situation is unique, Mentor Angels are matched by similar age, gender, and cancer experience; they give a cancer fighter or caregiver the chance to ask personal questions and receive support from a peer who has been there before.
